

Black Dog Clays Lewis Class Rules

1. There will be one Lewis Class winner for every six entries. Therefore, the highest score of all of the Lewis Class entries wins, then we count down six scores from the top to determine the winner of the next Lewis Class.
2. Ties will be broken by pre determined tie-breaker stations. The scores will be arranged top to bottom according to the tie-breaker stations. The score that is in the position of being the sixth down from the winner of the higher class is the winner of the class in which there was a tie.
3. Tie breaker stations will be 1,3,5,7,9,11,13,2,4,6,8,10,12 unless otherwise posted
4. If there are fewer than six entrants in the lowest Lewis Class, then the winner of the lowest class wins \$10 (Or amount specified for each entrant in a specific shoot) for each entrant. (Four entrants = \$40.00 in winnings)

Example of Black Dog Clays Lewis Class

Score	Order of the tie-break	Winner of the Lewis Class
94		Winner 1st class
93		
92		
91	1	
91	2	
91	3	
91	4	Winner 2nd class
91	5	

Class Main Event Money/Class Option Rules

1. Money amounts depend on the numbers of entrants in the class in the main event or who have entered the class option
2. If there is an HOA prize the HOA shooter is pulled out of class and does not count toward Main Event Class Money
3. Money Split
 - a. 1 to 4 entrants in a class – the winner of the class wins all the money
 - b. 5 to 9 entrants in a class – the money is split 60% to first and 40% to second. If two or more shooters are tied for first, then all the money is split evenly among the tied shooters. If two or more shooters are tied for second, the tied shooters split the second place money evenly.
 - c. 10 or more entrants in a class – the money is split 50% to first, 30% to second and 20% to third. If two shooters are tied for first, they split the first and second place moneys (80%) evenly (40% each). If three or more shooters are tied for first, they split all the money (100%) evenly. If two

or more shooters are tied for second, they split the second and third place moneys (50%) evenly. If two or more shooters are tied for third, they split 20% of the money evenly.

Trophies

If there are ties in European rotation shoots, the trophies will be awarded by tie-breaker stations. If there are ties in non-European rotation shoots, the trophies will be awarded a shoot-off.

With the exception of there being not enough shooters in an NSCA Class or a Concurrent class, the following rule shall apply. If a shooter wins the HOA or the HOA Runner Up trophy, then he/she is no longer eligible for a Class trophy or a Concurrent trophy. If a shooter wins a Class trophy, then he/she is no longer eligible for a Concurrent trophy. No shooter can win more than one Concurrent trophy.
